

# Contents

## General

### 1 Radiographic Imaging Techniques and Interpretation ... 2

Differentiating Characteristics on CT and MRI ... 2

MRI Characteristics of Head and Neck Pathology ... 6

Interventional Radiology ... 6

## Temporal Bone

### 2 Radiologic Anatomy of the Temporal Bone ... 12

Evaluating a CT Scan of the Temporal Bone ... 13

Axial Slices through the Temporal Bone from Cranial to Caudal ... 14

Coronal Slices through the Temporal Bone from Anterior to Posterior ... 20

### 3 Pathology of the Temporal Bone ... 23

Pathology of the External Auditory Canal ... 23

Pathology of the Middle Ear ... 32

Pathology of the Mastoid ... 48

Pathology of the Facial Nerve ... 66

Pathology of the Inner Ear ... 72

## Skull Base

### 4 Radiologic Anatomy of the Skull Base ... 96

Radiologic Evaluation Points of the Skull Base ... 96

Evaluation of the Skull Base on Axial CT Slices in a Craniocaudal Sequence ... 97

Evaluation of the Skull Base on Coronal CT Slices in an  
Anteroposterior Sequence ... 101

Evaluation of the Middle and Posterior Cranial Fossae on Axial MRI Slices  
in a Craniocaudal Sequence ... 102

- 5 Pathology of the Skull Base ... 116**
- Pathology of the Middle Skull Base ... 116
- Osseous Destruction of the Temporal Bone ... 158
- Pathology in the Anterior Skull Base ... 170
- Intracranial Complications ... 180

## Nose

- 6 Radiologic Anatomy of the Nasal Cavity and Paranasal Sinuses ... 188**
- Evaluation Points for CT of the Nasal Cavity and Paranasal Sinuses ... 190
- Radiologic Anatomy on Coronal CT Slices in an Anteroposterior Sequence ... 191
- Radiologic Anatomy on Axial CT Slices in a Craniocaudal Sequence ... 196
- Radiologic Anatomy on Sagittal CT Slices in a Lateral to Medial Sequence ... 199
- Normal Variations of Sinonasal Anatomy ... 201
  
- 7 Pathology of the Nasal Cavity and Paranasal Sinuses ... 203**
- Nonmalignant Pathology of the (Para)nasal Sinuses ... 203
- Congenital Deficits ... 230
- Involvement of the Orbit ... 237
- Neoplasms of the (Para)nasal Sinuses ... 253

## Neck

- 8 Radiologic Anatomy of the Neck ... 264**
- Evaluation Points in CT of the Neck ... 264
- Evaluation of the Neck Structures on Axial CT slices in a Craniocaudal Sequence ... 265
- Evaluation of the Neck Structures on Coronal CT Slices in an Anteroposterior Sequence ... 271
- Conventional Radiography of Swallowing Disorders ... 274
  
- 9 Pathology of the Neck ... 278**
- Pathology of the Suprahyoid Neck ... 278
- Pathology of the Infrahyoid Region of the Neck ... 298
- Pathology of the Salivary Glands ... 307
- Pathology of the Esophagus and Thoracic Cavity ... 324

**Index ... 338**
