# Contents

<b>1</b>	<b>Introduction</b> .....	1
1.1	The Tree-Based Approach .....	1
1.2	From Strings to Trees .....	4
1.3	Picture Algebras .....	7
1.4	Organization and Content of the Chapters .....	8
1.5	Other Formalisms for Picture Generation .....	11
<b>2</b>	<b>Line-Drawing Languages</b> .....	15
2.1	Four Lines and a Concatenation Operation .....	16
2.2	Context-Free Chain-Code Picture Languages .....	26
2.3	Classes of Chain-Code Picture Languages .....	35
2.4	Analysing Chain-Code Picture Languages .....	57
2.5	ET0L Chain-Code Picture Languages .....	71
2.6	The Turtle Operations .....	86
2.7	Extensions .....	99
2.8	Bibliographic Remarks .....	107
<b>3</b>	<b>Collage Languages</b> .....	111
3.1	Basic Definitions and Examples .....	112
3.2	Properties of Context-Free Collage Languages .....	128
3.3	Parallel Replacement .....	138
3.4	Tilings .....	154
3.5	A Case Study: Generating Celtic Knotwork .....	183
3.6	Bibliographic Remarks .....	201
<b>4</b>	<b>Iterated Function Systems</b> .....	203
4.1	Compact Subsets of Complete Metric Spaces .....	204
4.2	Iterated Function Systems .....	210
4.3	Fractal Curves .....	226
4.4	Networked Iterated Function Systems .....	234
4.5	Bibliographic Remarks .....	247

<b>5</b>	<b>Grid Picture Languages</b> .....	249
5.1	Context-Free and ET0L Grid Picture Languages .....	251
5.2	Raster Images of Grid Pictures .....	265
5.3	Beyond ET0L .....	272
5.4	Grid NIFSs .....	281
5.5	More General Grids .....	297
5.6	Bibliographic Remarks .....	305
<b>6</b>	<b>Languages of Fractals</b> .....	307
6.1	Infinite Trees and Their Value .....	308
6.2	T0L Function Systems .....	314
6.3	Branching-Synchronization Function Systems .....	323
6.4	Bibliographic Remarks .....	331
<b>7</b>	<b>Languages of Coloured Collages</b> .....	333
7.1	Collage Grammars with Colour Attributes .....	334
7.2	Continuous Colourings .....	355
7.3	Parametrized Colour Operations .....	374
7.4	Bibliographic Remarks .....	383
<b>8</b>	<b>TREEBAG</b> .....	385
8.1	A Bird's-Eye View of TREEBAG .....	386
8.2	Selected Examples .....	390
8.3	A Worm's-Eye View of TREEBAG .....	396
<b>A</b>	<b>Introduction to Tree Languages</b> .....	405
A.1	Trees .....	406
A.2	Regular Tree Languages .....	409
A.3	ET0L Tree Languages .....	416
A.4	Branching Tree Languages .....	424
A.5	Top-Down and Bottom-Up Tree Transformations .....	432
A.6	Tree Transducers Defining Tree Languages .....	438
A.7	Constructing Trees by Substitution .....	445
<b>B</b>	<b>Notation</b> .....	453
B.1	Basic Mathematical Notation .....	453
B.2	Strings, Trees, and Pictures .....	454
	<b>References</b> .....	455
	<b>Index</b> .....	465
