Abstract.....	XIX
1 Introduction and relevance of the research on the value determination of SCIs.....	1
1.1 Background and relevance of the research	1
1.2 Objectives and research questions	3
1.3 Positioning within scientific research	4
1.4 Outline of the dissertation.....	12
2 Theoretical backdrop of the research on the value determination of SCIs.....	15
2.1 Understanding of supply chain management and therein located initiatives ...	15
2.2 Underlying comprehension of value in supply chains.....	17
2.3 Identification of relevant research fields	21
2.4 State of the art in the value determination of SCIs.....	23
2.5 Summary of the theoretical backdrop.....	27
3 Methodological fundamentals of the research on the value determination of SCIs.....	29
3.1 Conceptual considerations underlying the conducted research	29
3.2 Introduction to fuzzy logic.....	32
3.3 Introduction to system dynamics	38
3.4 Summary of the methodological fundamentals	41

4	Conceptual framework of the quantification approach	43
4.1	Framework for the quantification of an SCI's value contribution	43
4.2	A numerical example from the consumer goods industry	51
4.3	Discussion of the conceptual framework.....	57
4.4	Summary of the conceptual framework.....	59
5	Determination of an SCI's effect on revenues.....	61
5.1	Relevant fundamentals of determining an SCI's revenue contribution	62
5.2	Derivation of the logistics customer service-revenue curve.....	64
5.3	A fuzzy model for quantifying the logistics customer service-revenue curve .	67
5.4	A numerical example from the consumer goods industry	76
5.5	Discussion of the fuzzy model.....	82
5.6	Summary of the fuzzy model.....	84
6	Determination of an SCI's effect on costs and capital commitment.....	86
6.1	Relevant fundamentals of determining an SCI's effect on costs and capital commitment	87
6.2	Simulation model for the determination of changes in costs and capital commitment	89
6.3	Processing of the simulation output parameters	96
6.4	A numerical example from the pharmaceutical industry.....	99
6.5	Discussion of the system dynamics model	105
6.6	Summary of the system dynamics model	108
7	Conclusion of the research on the value determination of SCIs	110
7.1	Summary of goals and contribution of the research	110
7.2	Scientific implications of the developed quantification approach.....	110
7.3	Managerial implications of the developed quantification approach.....	112
7.4	Conclusion and limitations of the research.....	112
7.5	Recommendations for further research.....	114
